

# Landowners Forestry Field Training & Workshop

## When:

Saturday, September 11, 2010 – 10:00 AM to 3:00 PM

## Where:

Tahosa High Adventure Boy Scout Camp, 173 County Rd 96, Ward, CO 80481  
(north of Ward off of Peak to Peak Highway 72 approximately Mile Marker 46.75)

**Who Should Attend?** All private forest landowners and contractors

## Training Objectives:

The workshop will focus on how to get forestry work done on the ground. You will learn tips and techniques to help you be a more active steward of your land by making backyard forestry easier. We will demonstrate commonly used forestry equipment and methods that are appropriately scaled for small-scale forestry as well as equipment that will enable you to “add value” to the material you’re harvesting. Learn how to work smarter, not harder.

## Some examples of equipment we plan to demonstrate includes:

- Tractors built specifically for forest management
- Forwarding trailers with loaders for both in woods and road-legal travel
- Skid steers with forestry-specific implements
- ATVs utilizing log arches and trailers
- Chippers to help with slash management
- Portable sawmills to add value to your harvested material

If you would like to attend, please RSVP with your name, number of people, phone number, and email address to Ryan Ludlow at [rludlow@bouldercounty.org](mailto:rludlow@bouldercounty.org) or call 720-564-2641.

We request that you do not bring small children or pets to this event. If you have a hard hat please bring it to the event. Visit [www.BoulderCounty.org/ForestHealth](http://www.BoulderCounty.org/ForestHealth) to be kept up-to-date about workshop details.
