

You are invited to the *Fourth Annual Partners Workshop, Making Changes: On the Hills and On the Landscape*, which will be held April 6, 2010 at the Jefferson County Fairgrounds, Golden, CO, hosted by the Colorado State Forest Service, CO-WY Society of American Foresters and CSU Extension. In last year's evaluations we heard many of you would be interested in a session on how we can influence forest policy. As a result of this feedback, we will spend the first half of the day on policy followed by an afternoon of updates from many of our partners. This will be your opportunity to ask questions about the new programs and funding opportunities that have been or are being developed.

There is more time scheduled for networking and discussion between participants so please feel free to bring information about your business or agency. Since we had such a large group last year and were short of space, we are moving to the Jefferson County Fairgrounds Exhibit Hall which is near the intersection of I-70 and 6th Avenue in Golden. We will have plenty of space for displays.

Drinks and snacks will be provided. Lunch will be catered for a \$10.00 charge

Enclosed is the agenda, registration form, and map to the meeting location. Please fill out the registration form and return it, even if you cannot attend. This will provide us contact information for future correspondence. For additional questions please contact me at amanda.bucknam@colostate.edu or 970.491.0801.

We ask you to send in a registration form and, if registered, please attend. We will purchase food and materials based on the pre-registrations.

As partners we can share knowledge and opportunities, as well as understand our needs and concerns. Please join us on April 6th to continue this process.

Sincerely-

Bob Sturtevant and Naomi Marcus
Colorado State Forest Service
