

Have a festive holiday and help support the Alpha Chapter of the Society of American Foresters by purchasing a tree from CSU's student foresters. Our lodgepole pine trees are hand-harvested from the Pingree Park Campus and promote a healthy, well-managed forest through stand thinning and ladder fuel removal. All proceeds from tree sales support the SAF Alpha Chapter and provide student foresters the opportunity to utilize their skills by practicing sustainable forestry in the field.

Thank you for your support and happy holidays from SAF!

Name

Email Address

Phone Number

Please indicate your desired tree height:

_____ 5 ft: \$20

7 ft: \$25

9 ft: \$30

Please print and return your order form to room 103 in the Forestry Building by Friday, November 21 at 4:00 p.m. Or email orders to forestrystudentscsu@gmail.com

Trees will be available to pick up on campus in early December (dates to be announced) and can be paid for at that time. Please contact forestrystudentscsu@gmail.com with any questions.
